Introduction

This policy is the result of the collaboration of the school staff together with the Board of Management

Rationale

Carrigaline Educate Together National School (N.S.) recognises that child protection and welfare considerations permeate all aspects of school life and must be reflected in all of the school's policies, practices and activities. Accordingly, this Child Safeguarding Statement, in accordance with the requirements of the Department of Education and Skills' *Child Protection Procedures for Primary and Post Primary Schools 2017*, is implemented.

Relationship to the Characteristic Spirit of the School

The Child Safeguarding Statement reflects the overall ethos of the school which states:

Carrigaline Educate Together N.S. is one of a number of multi-denominational schools throughout the country. The representative organisation for these schools is 'Educate Together'.

Educate Together aims to meet a growing need in Irish society for schools that recognise the developing diversity of Irish life and the modern need for democratic management structures. In particular, Educate Together guarantees children and parents of all faiths and none equal respect in the operation and governing of education.

The schools operated by the member associations of Educate Together are fully recognised by the Irish Department of Education and Science and work under the same regulations and funding structures as other national schools. However, they have a distinct ethos or governing spirit. This has been defined in the following terms:

- **Equality based** i.e. all children having equal rights of access to the school, and children of all social, cultural and religious backgrounds being equally respected
- **Co-educational** and committed to encouraging all children to explore their full range of abilities and opportunities,
- **Child centred** in their approach to education
- **Democratically run** with active participation by parents in the daily life of the school, whilst positively affirming the professional role of the teachers (*Source: Educate Together Charter*)

Whilst the concepts of child-centeredness and co-educationalism are now widely accepted in Irish primary education, what distinguishes the Educate Together schools is their hard work in developing a culturally inclusive and democratic ethos. This has pioneered unique approaches to inclusion of minority opinions and faiths in the Irish context.

The schools have developed education programmes which open the eyes of children to the naturally positive contribution that social, religious and cultural diversity and difference of viewpoint and opinion make to society.

The other characteristic feature of these schools is that they are democratically organised and governed. This maximises the potential for building a genuine partnership between the professional, objective role of the teacher and the necessarily personal involvement of the parent in contributing to their children's education.

Information taken from the Educate Together website www.educatetogether.ie

Carrigaline Educate Together N.S. makes the distinction between denominational education and moral/religious education. The ethical curriculum followed by the school is called the Learn Together Curriculum. It is comprised of four strands: Morality & Spirituality, Equality & Justice, Belief systems, Ethics & the environment.

Denominational instruction is facilitated by the school insofar as groups are permitted to use the school premises. This is organised by parents outside of school hours.

Carrigaline Educate Together N.S follows the curricular programmes prescribed by the Department of Education and Skills, which may be amended from time to time, in accordance with Sections 9 and 30 of the Education Act (1998).

The Child Safeguarding Statement recognises and endeavours to adopt the values that are set out in the ethos of the school for those at work in the school. It attempts to support and sustain a harmonious environment in which the potential of all staff is nurtured through the co-operation between staff, pupils, parents, board members and all other relevant parties.

Policies, Protocols and Practices

The school management has ensured that the necessary policies, protocols or practices as appropriate are in place

Accidents

While every precaution will be taken under our Safety, Health & Welfare Policy to ensure the safety of children, we realise that accidents will happen. Accidents will be noted in our Incident book and will be addressed under our accident policy as part of our Safety, Health & Welfare Policy

Attendance

Our school attendance will be monitored as per our Admissions and Participation policy. With regards to child protection we will pay particular attention to trends in nonattendance. We will also monitor non-attendance in correlation with signs of neglect/physical/emotional/sexual abuse

Behaviour

Children are encouraged at all times to play co-operatively and inappropriate behaviour will be addressed under our Code of Behaviour. If an incident occurs which we consider to be of a sexualised nature we will notify the DLP who will record it and respond to it appropriately

Bullying

Bullying behaviour will be addressed under our Anti-Bullying policy. If the behaviour involved is of a sexualised nature or regarded as being particularly abusive then the matter will be referred to the DLP

Children travelling in staff cars

Members of the school staff will not carry children alone in their cars at any time

Communication

Every effort will be made to enhance pupil-teacher communication as per our Communications and Confidentiality Policy. If pupils have concerns they will be listened to sympathetically. The SPHE/Oral Language/RE programmes allow for open pupil-teacher communication, which is hoped will aid the pupil-teacher relationship. If teachers have to communicate with pupils on a one-to-one basis, they are required to leave the classroom door open. The sensory room door is always open

Induction of Teachers and Ancillary Staff

The DLP will be responsible for informing all new teachers and ancillary staff of the Children First Guidelines & Child Protection Procedures DES, these may be accessed on the School Server. Every member of staff will be given a copy of the Child Safeguarding Statement. All new teachers are expected to teach the objectives in the SPHE programme. The principal is responsible for supporting new teachers as they implement the SPHE objectives. Mentors will discuss Children First Guidelines & Child Protection Procedures DES with newly qualified teachers at their first meeting and ensure they are familiar with them

Induction of Pupils

All parents and children will be made aware of attendance rules and their implications as laid down in the Education Welfare Act. All parents will be informed of the programmes in place

in the school that deal with personal development e.g. RSE, Walk Tall, Stay Safe and SPHE. All new parents are given a copy of the school's Admissions and Participation policy, which outlines the procedures parents and children should use when contacting the school if there are absences or concerns of an educational/personal/family matter. Parents are encouraged to make an appointment with the class teacher/principal if they wish to discuss their child's progress. All parents are sent a copy of the school's Code of Behaviour and Anti-Bullying policies via email and they are also available to view at: www.carrigalineeducatetogether.ie/publications

Physical Contact

Physical contact between school personnel and the child should always be in response to the needs of the child and not the needs of the adult. While physical contact may be used to comfort, reassure or assist a child, the following should be factors in determining its appropriateness

- It is acceptable to the child
- It is open and not secretive
- The age and developmental stage of the child

Record Keeping

Roll books will be updated daily. Sensitive information will be recorded and communicated only to the DLP or deputy DLP if necessary. Sensitive information regarding children will be shared on a need-to-know basis

Supervision

School supervision policy will be followed by all staff to ensure that there is comprehensive supervision of children at all breaks and before and after school as per our Safety, Health and Welfare Policy. The principal and In-School Management Team will be involved in before/after school supervision. A further rota will be displayed and emailed to cover the lunchtime breaks

Toileting: Children with Specific Toileting / Intimate Care Needs

In all situations where a pupil needs assistance with toileting / intimate care, a meeting will be convened after enrolment and before the child starts school, between parents / guardians, class teacher, special needs assistant, principal and if appropriate, the pupil. The purpose of the meeting will be to ascertain the specific needs of the child and to determine how the school can best meet those needs. The staff to be involved in this care will be identified and provision will be made for occasions when the particular staff involved are absent. A written copy of what has been agreed will be made and kept in the child's file. Any deviation from the agreed procedure will be recorded and notified to the DLP and the parents / guardians.

Toileting

- Clean underwear and suitable clothing will be kept in the school so that if a pupil has an 'accident', they will in the first instance be offered fresh clothing into which they can change.
- Parents/guardians will receive a letter explaining the school's practice regarding toileting. This includes an opt-in clause that parents/guardians will sign if they wish their child to be assisted with toileting if the need arises (see Appendix 2). This form

will be kept in the child's file. If the pupil, for whatever reason, cannot clean or change themselves the child will be assisted by members of staff familiar to the child. A record of all such incidents (see Appendix 3) will be kept in the classroom toilet and principal and parents will be notified

- Should permission not be granted for a pupil to be assisted with toileting the parents/guardians will be contacted immediately and will be requested to come and provide assistance to their child

Visibility

Teachers will ensure that children are visible in the schoolyard. Children will not be allowed to spend time in classrooms, toilets or where they would not be under adult supervision for prolonged periods of time. They are not to leave the school yard or to engage with adults who are outside of the school yard

One to One Teaching

Parental permission required

Visitors

Teachers on yard duty will be aware of visitors entering the schoolyard and will ascertain their intentions. They will be supervised in the discharge of their business

Visitors / Guest Speakers/parent helpers

Visitors/guest speakers/parent helpers should never be left alone with pupils. The school (principal/teachers) have a collective responsibility to check out the credentials of the visitor/speaker and to ensure that any material in use by guests is appropriate
